

**all-in-ONE™ Enzyme Detergent Surgical Instrument Cleaner**  
The *highest concentration* Surgical Instrument & Scope  
Cleaning Conditioning Concentrate.

**easy FOAM-it™**

**ONE product.  
ONE application.**

You will not need *any additional* cleaning products for:  
hydrating dried on debris,  
pre-cleaning soak,  
removing stains,  
manual cleaning,  
ultrasonic cleaning,  
or automated cleaning.

easy FOAM-it  
for cleaning  
Surgical Instruments  
and Scopes.

easy FOAM-it  
for cleaning  
Surgical Instruments  
and Scopes.

The **easy FOAM-it™**  
**is all you really need.**

**easy FOAM-it™ lays down a blanket...  
of fast acting highly concentrated enzyme detergent cleaning action.**

**Break down and remove bioburden,  
clean and condition the surface of Surgical Instruments & Scopes  
all-at-ONCE.**

The **easy FOAM-it™** is **Neutral pH**, “high level”, and “multi-tiered”  
with a unique formulation of enzyme detergents to rapidly break-down bioburden,  
while a surfactant chemical complex: cleans the surface,  
conditions the “passive layer” of surgical stainless steel to prevent corrosion,  
removes stains, lubricates moving parts, and then... **rinses clean.**

The **easy FOAM-it** Instrument & Scope Cleaner & Conditioner,  
delivers all of the cleaning & conditioning power you *really* need  
**in ONE application.**

The **easy FOAM-it** will:  
rinse clean,  
remove stains,  
prevent corrosion,  
**reduce your inventory levels of cleaning products,  
and speed reprocessing turnaround.**

The *highly concentrated* all-in-ONE® **easy FOAM-it** is aggressive against your most difficult cleaning challenge, and is guaranteed to be safe for all types of metal, rigid and flexible scopes, lenses, microsurgical instrumentation and reprocessing equipment. The **easy FOAM-it** will: remove stains, protect the surface protection, and lubricate. The multi-tiered high level Enzyme Formulation (Protease, Amylase, Lipase, and Carbohydrase enzymes) quickly removes the most stubborn organic encrustation and bio-burden including: blood, fat, carbohydrates, starches, and protein. The **easy FOAM-it** high-level surfactant Chemical Complex breaks down and removes bioburden, cleans the surface, removes stains, and conditions the surface to prevent staining and corrosion and pitting. The “free rinsing” all-in-ONE Chemical Complex will condition the source water and counter the effects of hard water for optimal spotless cleaning.

**Your cleaner surgical instruments will look newer and perform longer.**
